Dear Sir:

In response to the Office Action mailed 5 June 2003, please enter the following amendment. This amendment adds to claims 21 and 25 the independently code region limitations already found explicitly within rejected claim 11, and therefore interposes no new matter. Because, this amendment does not change the issues on appeal (claim 25, for example, as well as un-amended claim 11 were rejected as allegedly anticipated over the "Bailleul Patent," U.S. Patent No. 6,181,743) it is respectfully submitted that the present amendment is proper.

Applicants' amendment is divided up into two sections, including "Amendment To The Claims" (section beginning on page 2) and "Remarks" (section beginning on page 7).
